

IN-KIND DONATIONS: CURRENT NEEDS

ANIMAL FEED, VETERINARY CARE AND EQUIPMENT FOR OUR CENTRES

The Centaurus Foundation cares primarily for horses, including older horses and those with health problems, as well as dogs, cats and other animals. We are seeking partners and donors able to supply veterinary products, specialist diets, animal feed, grooming and care products, and equipment needed for day-to-day operations.

Our most urgent needs – the Foundation’s top 10 priorities

Priorities 1–5	Priorities 6–10
1. Salt and mineral licks – approx. 100 per month.	6. Joint and mobility supplements for horses.
2. Winter and waterproof horse rugs – approx. 200 per season.	7. Digestive support products and probiotics for horses.
3. Equine deworming pastes, including Equimax.	8. Vitamin and mineral supplements and horse care products.
4. Feed for senior horses, especially Höveler.	9. Parasite treatments for dogs and cats.
5. Mash feeds, beet pulp and high-fibre feeds.	10. Specialist veterinary diets for dogs and cats.

We also urgently need durable horse headcollars in a range of sizes – approximately 200 per month.

The list includes examples of brands and products. We welcome both one-off and regular in-kind donations; please agree the type, quantity and delivery date with us in advance. All products must be correctly labelled and have sufficient shelf life remaining. Veterinary medicines are used in accordance with applicable regulations and veterinary guidance, while feed is selected to meet each animal’s needs.

1. Equine deworming pastes

These products are needed regularly. Our veterinarian determines the active ingredient, deworming schedule and product to be used. Equimax is particularly sought after.

Equimax – ivermectin and praziquantel – a high-priority product	Eqvalan – ivermectin
Eqvalan Duo – ivermectin and praziquantel	Eraquell – ivermectin
Equest – moxidectin	Equest Pramox – moxidectin and praziquantel
Panacur – fenbendazole, in a formulation suitable for horses	Other ivermectin-based equine products, including lower-cost equivalents

2. Feed for senior horses

We particularly need products for older horses that have difficulty chewing, maintaining body condition or digesting feed. Höveler and Dodson & Horrell are especially valued; Pavo and Saracen products are also welcome.

Höveler Oldie-Mix	Höveler Pur.Senior
Höveler Senior-Cobs	Höveler Pur.Gastro
Other Höveler feeds and mashes	Pavo 18Plus
Pavo SeniorFibre	Pavo SpeediBeet
Pavo FibreBeet	Saracen Veteran Mix
Saracen Veteran Cubes	Dodson & Horrell Sixteen Plus
Other feeds for senior horses	Senior horse feeds
Mash feeds	Digestive-support feeds for horses

Feeds for horses with metabolic disorders	Unmolassed sugar beet pulp
Alfalfa chaff	Soakable grass pellets
High-fibre feeds	Feeds for horses needing to regain body condition

3. Salt and mineral licks

Approximately 100 per month for horses and other farm animals.

White salt licks	Himalayan salt licks
Mineral licks formulated for horses	Trace-element licks
Lick holders and containers	

4. Horse rugs

Approximately 200 rugs are needed each autumn/winter season. Replacement fittings, buckles, straps and repair materials are also welcome.

Insulated winter rugs	Waterproof rugs
Turnout rugs	Lightweight and mid-season rugs
Rugs with 100 g, 200 g, 300 g or 400 g fill	Rugs in various sizes
Rugs with neck covers	Fleece rugs
Wicking and drying rugs	Spare rug fastenings, straps and buckles
Rug repair materials and kits	

5. Joint and mobility supplements for horses

Products to support mobility and condition, particularly in older animals, selected according to each horse's needs.

NAF Superflex Senior	NAF Five Star Superflex
TRM Stride	Cortaflex HA
Glucosamine supplements	Chondroitin supplements
MSM supplements	Hyaluronic acid supplements
Products supporting joint cartilage	Supplements supporting muscles and recovery

6. Liquid herbal products for horses

NAF Devil's Relief – a herbal supplement to support mobility and comfort	NAF Respirator Boost – respiratory support
Liquid herbal products for senior horses	Products supporting normal muscle function
Herbal digestive-support products	

7. Digestive support products and probiotics for horses

NAF GastriAid	NAF GastriVet
TRM GNF	Protexin Gut Balancer
Protexin Quick Fix	Probiotics for horses
Prebiotics for horses	Feed-grade yeast
Products supporting healthy gut flora	Products supporting gastric function
Products for horses with sensitive digestive systems	

8. Vitamins, minerals and supplements for horses

These are needed on an ongoing basis, with supplements for senior horses being particularly important.

Vitamin and mineral supplements	Vitamin E for horses
Biotin supplements	Zinc and copper supplements
Electrolytes for horses	NAF Electro Lytes
TRM Electrolyte Gold	Products supporting immune function and overall condition
Supplements for senior horses – all types welcome!	Feed-grade linseed oil
Linseed	Omega-3 supplements

9. Hoof, skin and coat care products for horses

Essential supplies for routine care and protection of hooves, skin and coats.

NAF ProFeet	TRM Hoofmaker
Farrier's Formula	Biotin supplements
Hoof oils and balms	Products for hoof frog care
Products protecting against rubbing and chafing	Horse shampoos
Dermatological preparations	Skin and coat care products
Hoof picks	Brushes and curry combs

10. Everyday equipment and supplies for horses

Reinforced slow-feed hay nets and durable headcollars are a priority. Estimated need for headcollars: approximately 200 per month, in various sizes.

Reinforced slow-feed hay nets – essential	Hay feeders
Horse waterers	Heated waterers for winter
Large water containers	Buckets
Feed troughs	Feed storage containers
Rubber mats	Headcollar sets for horses
Sturdy headcollars in various sizes (approx. 200 per month)	Lead ropes
Grooming brushes and accessories	Disinfectants for stables and equipment
Equine insect repellents – especially needed in summer	Dressing materials
Veterinary bandages and dressings	

11. Deworming products for dogs

Drontal Plus	Cestel Plus
Milbemax for dogs	Milprazon for dogs
Dehinel Plus	Other antiparasitic products formulated for dogs

12. Flea and tick treatments for dogs

Frontline	Fiprex
Advantix	Foresto

Bravecto	Simparica
NexGard	Other external parasite treatments for dogs

13. Supplements for dogs

Supplements for older dogs and those recovering from illness or injury are particularly useful.

Purina Pro Plan FortiFlora Canine	Pro-Kolin+
Canikur Pro	Aptus Apto-Flex
Dolfos ArthroMax	VetExpert ArthroVet
VetExpert VetoSkin	Probiotics for dogs
Joint supplements	Skin and coat support products
Supplements for senior dogs – any quantity welcome	Products supporting healthy digestive function
Nutritional products supporting recovery	

14. Veterinary diets for dogs

We accept dry and wet food in different pack sizes. Veterinary diets are selected according to each animal's needs.

Royal Canin Veterinary – Gastrointestinal	Royal Canin Veterinary – Gastrointestinal Low Fat
Royal Canin Veterinary – Hypoallergenic	Royal Canin Veterinary – Renal
Royal Canin Veterinary – Recovery	Hill's Prescription Diet – i/d Digestive Care
Hill's Prescription Diet – i/d Low Fat	Hill's Prescription Diet – z/d Food Sensitivities
Hill's Prescription Diet – k/d Kidney Care	Purina Pro Plan Veterinary Diets – EN Gastrointestinal
Purina Pro Plan Veterinary Diets – HA Hypoallergenic	Purina Pro Plan Veterinary Diets – NF Renal Function
Farmina Vet Life – Gastrointestinal	Farmina Vet Life – Hypoallergenic
Farmina Vet Life – Renal	TROVET – Intestinal
TROVET – Hypoallergenic	TROVET – Renal

15. Deworming products for cats

Drontal for cats	Milbemax for cats
Milprazon for cats	Profender
Other antiparasitic products formulated for cats	

16. Flea and tick treatments for cats

Especially needed in spring and summer. Only products specifically intended for cats can be accepted.

Frontline for cats	Broadline
Stronghold	Bravecto for cats
Other products specifically formulated for cats	

17. Supplements for cats

Purina Pro Plan FortiFlora Feline	Pro-Kolin+ in a formulation suitable for cats
VetExpert VetoSkin	Probiotics for cats
Digestive support products	Supplements for senior cats

Skin and coat support products	Hairball-control pastes
Products supporting recovery	

18. Veterinary diets for cats

We accept dry food, tins and pouches. Veterinary diets are selected individually.

Royal Canin Veterinary – Gastrointestinal	Royal Canin Veterinary – Gastrointestinal Kitten
Royal Canin Veterinary – Renal	Royal Canin Veterinary – Urinary S/O
Royal Canin Veterinary – Recovery	Hill's Prescription Diet – i/d Digestive Care
Hill's Prescription Diet – z/d Food Sensitivities	Hill's Prescription Diet – k/d Kidney Care
Hill's Prescription Diet – c/d Multicare	Purina Pro Plan Veterinary Diets – EN Gastrointestinal
Purina Pro Plan Veterinary Diets – HA Hypoallergenic	Purina Pro Plan Veterinary Diets – NF Renal Function
Purina Pro Plan Veterinary Diets – UR Urinary	Farmina Vet Life – Gastrointestinal
Farmina Vet Life – Renal	Farmina Vet Life – Struvite
TROVET – Intestinal	TROVET – Hypoallergenic
TROVET – Renal	

19. Hygiene and veterinary supplies for all animals

Supplies are needed continuously across our centres and for the animals in our care.

Absorbent hygiene pads	Sterile gauze swabs
Gauze compresses	Bandages
Self-adhesive veterinary bandages	Wound dressings
Disposable gloves	Disinfectants
Animal-safe wound cleansing products	Syringes and veterinary care accessories
Thermometers	Veterinary shampoos
Towels	Blankets
Dog and cat beds	Pet carriers
Feeding and water bowls	Cat litter
Laundry and textile disinfecting products	

I sincerely hope to hear from you by phone or email. I believe that, together, we can find a meaningful way to help the animals in our care – because even the smallest act of kindness can make an extraordinary difference when we join forces.
